DETAILED ACTION

Claims 1-3 and 5-9 as presented by the applicant on 9-25-03 have been renumbered 1-8.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 2-3 and 8 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 2 and 8 recite the limitation "Ti-6-4". This is indefinite because the 6-4 composition is unclear. The examiner believes that it is Ti-6Al-4V, but is unsure.

Claim 3 recites the limitation "the reacting speed" in line 1. There is insufficient antecedent basis for this limitation in the claim.

Allowable Subject Matter

Claims 1 and 4-7 allowed.

Claims 2-3 and 8 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

The following is an examiner's statement of reasons for allowance: The prior art of record does not teach or suggest either alone or in combination a method of making a titanium golf club head as recited by claim 1, particularly molding the parts together in the sonic stove and forging the parts in the forging machine; or a method of making a titanium golf club head as recited by claim 4, particularly heating the mold and the workpieces simultaneously in the high frequency stove, moving the mold and workpieces from the stove to the forging machine, and adjusting the forging machine reacting speed rate within the range of $10^{-2}/s$ to $10^{-4}/s$.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

The prior art of record that is cited as of interest is presented on the form-892.
